

Missouri Moms and Babies

IMPROVING PERINATAL CARE

University of Missouri's Show-Me ECHO program and the Missouri Hospital Association are focusing efforts to address challenges in perinatal care by creating a Missouri Moms and Babies ECHO. This ECHO's team will share information about evidence-based practices, innovation, collaboration and community networks. Providers interested in improving care and outcomes for mothers and babies throughout Missouri may join the ECHO's interactive online sessions the **second and fourth Wednesday of each month from 12 to 1 p.m.**

TOPICS FOR LEARNING AND DISCUSSION

Initial case-based learning sessions for Missouri Moms and Babies ECHO will address the COVID-19 pandemic.

June 24: Evidence-Based Highlights for Inpatient COVID Care

July 8: Outpatient Considerations for the COVID+ Obstetric Patient

July 22: Impacts on Routine Obstetrics Care During the COVID Pandemic

August 12: Having a Baby During a Pandemic: What to Expect

August 26: Care of the Newborn and Postpartum Patient with COVID

September 9: Mental Health Needs in the COVID Era

WHAT DOES THIS ECHO OFFER?

- No cost continuing education for professionals
- Collaboration, support and ongoing learning with specialist physicians and other experts
- Community-level patient care improvements
- No cost to participating sites or individuals
